Tadd Galusha

is a Northwest based comic artist and illustrator. Creator of the web-comic *The Backwoods*, he has worked on numerous titles including *Godzilla* and *TMNT/Ghostbusters 2*. Tadd currently resides in a small town of Southwest Alaska with his wife and two dogs.

On the prehistoric island continent of Laramidia, the raw, real dangers of the late Cretaceous period come to life in this stunning graphic novel debut. When tragedy strikes its family, a Tyrannosaurus Rex embarks on a harrowing journey to reunite with the remaining member of the group, before they are separated permanently. An animal documentary blast-from-the-past, this heart-wrenching story takes to the skies and dives into the sea—and explores everywhere in between—in this research-based, fictional account, beautifully written, illustrated and colored by Tadd Galusha *(TMNT/Ghostbusters)*.
